

Emerald Forest Bungalows is about 10 minutes from two grocery stores, Peters' Market & Shoprite.

### **ShopRite:**

- To get to the ShopRite supermarket you would turn right out of the bungalows' driveway, make your first left about .4 miles down the road onto Irish Cape Road which brings you to Route 209. Cross 209 and loop behind Country Flowers (also a fun stop, if you want to plant something) in front of the Ellenville airport and into the ShopRite plaza. ShopRite has some organic products right near the entrance, a fairly large cheese selection and is a full service supermarket.

### **Peters' Market:**

- If you prefer a smaller shop, try Peters' Market. From that intersection of 209 and Irish Cape Road, you would turn left. Peters' is the first market you can see on your left in front of the cornfield. Peters' always has some organic produce, Woodstock Farms dried fruits and nuts, local eggs, Murray's organic chicken, and most everything you would need.

### **Barthel's Farm Market:**

- For a fun local farm stand experience, try Barthel's. They have a nice selection of locally grown vegetables, fruits and herbs, as well as local honey and preserves. In the fall they make a very good old fashioned cider. Christmas trees and wreaths. April-December, 8:00AM-6:00PM. From the Irish Cape/209 intersection, take a right on 209 towards Ellenville and Barthel's will be just past the ShopRite plaza. Conveniently located next to an ice cream stand.
